

Activity Number	Year(s)	Title or Topic of activity	Teaching strategy and context	Location	Total teaching hours/yr for this activity	Type of learner	Number learners/year for each a activity
1	2020	Genetics Concepts for Pediatric Hospitalists, Intensivists and Cardiologists	Lecture for Continuing Medical Education	Web Based	1 hour/year	Community and Faculty Physicians, Residents and other Pediatric Providers	Unknown
2	2020	Problem Based Learning Instructor	Repeated lecture in the medical student curriculum	University of Nevada, Las Vegas School of Medicine	120 hours/year	Medical Student	8 learners
3	2019	Webnar	Informative Webnar	Mountain States Regional Genetics Network	20 minutes	All	Unknown
4	2019	Multisystem Disease Course Genetics Patient Case	Repeated lecture in the medical student curriculum	University of Nevada, Las Vegas School of Medicine	1 hour per year	Medical Student	60 learners
5	2019	Updates in Clinical Genetics Practice	Lecture for Continuing Medical Education	Nevada American Academy of Pediatrics Annual Meeting and CME , Henderson, Nevada	1 hour per year	Community and Faculty Physicians, Residents and other Pediatric Providers	100 learners
6	2019	Medical Genetics Lectures for the Basic Science Curriculum	Repeated lecture in the medical student curriculum	University of Nevada, Las Vegas School of Medicine	8 hours per year	Medical Student	40 learners
7	2019	Problem Based Learning Instructor	Repeated lecture in the medical student curriculum	University of Nevada, Las Vegas School of Medicine	120 hours/year	Medical Student	8 learners
8	2019	Concepts in Clinical Genetics and Genetic Testing for the Pediatric Care Team	Webinar for community physicians and faculty	University of Nevada, Reno School of Medicine, ECHO Project	1 hour per year	Faculty and Community Physicians	30 learners
9	2019	Renal Embryology and Cystic Renal Disease	Repeated lecture in the medical student curriculum	University of Nevada, Las Vegas School of Medicine	1 hour per year	Medical Student	60 learners
10	2019	Cardiac Embryology and Congenital Heart Disease	Repeated lecture in the medical student curriculum	University of Nevada, Las Vegas School of Medicine	1 hour per year	Medical Student	60 learners
11	2018	Multisystem Disease Course Genetics Patient Case	Repeated lecture in the medical student curriculum	University of Nevada, Las Vegas School of Medicine	1 hour per year	Medical Student	60 learners

12	2018	Dysmorphology and Craniosynostosis	Pediatric Residency Program Didactic Course	University of Nevada, Las Vegas School of Medicine Department of Pediatrics	1 hour per year	Pediatrics Resident	30 learners
13	2018	Genetic Emergencies: A Review of Inborn Errors of Metabolism	Department of Pediatrics Grand Rounds	University of Nevada, Las Vegas School of Medicine Department of Pediatrics	1 hour per year	Pediatrics Resident	40 learners
14	2018	Medical Genetics Lectures for the Basic Science Curriculum	Repeated lecture in the medical student curriculum	University of Nevada, Las Vegas School of Medicine	8 hours per year	Medical Student	40 learners
15	2017	The Emerging Phenotype of SZT2 Gene Mutations	Northern California Genetics Exchange/Conference	Division of Genetics and Metabolism/Department of Pediatrics/Valley Children's Hospital/Educational Affiliate of Stanford University	1 hour per year	Medical Student, Residents, Faculty Physicians, Genetic Counselors	100 learners
16	2017	Inborn Errors of Metabolism Emergencies	Pediatric Resident Specialty Lecture Series	Department of Pediatrics, Valley Children's Hospital, Educational Affiliate of Stanford University	1 hour per year	Pediatrics Resident	30 learners
17	2017	Craniosynostosis and Dysmorphic Features	Pediatric Resident Specialty Lecture Series	Department of Pediatrics, Valley Children's Hospital, Educational Affiliate of Stanford University	1 hour per year	Pediatrics Resident	30 learners
18	2017	Understanding the Role of Clinical Genetics & Genetic Testing in Your Practice: Present and Future	Valley Children's Hospital Spring Symposium: Sponsored CME Program for Physicians	Valley Children's Hospital, Educational Affiliate of Stanford University (Regional)	2 hours per year	Physician	100 learners
19	2015-2016	Indications and Implications of Genetic Consultation and Testing for Patients with Developmental Disabilities and Autism	Leadership Education in Neurodevelopmental Disabilities (LEND) Grand Rounds	Children's Hospital of Los Angeles/LEND Sponsored Program (Regional)	1 hour per year	Physician, resident, psychology student, developmental specialists and therapists	50 learners
20	2015-2016	Case conferences with the division of pediatric endocrinology	Quarterly interdisciplinary case conference	Children's Hospital of Los Angeles Department of Pediatrics	4 hours per year	Resident	20 learners
21	2015	Syndromes Associated with Pulmonic Stenosis	Noon Conference for Pediatric Residents	Children's Hospital of Los Angeles Department of Pediatrics	1 hour per year	Resident	40 learners
22	2015	Differential Diagnosis of Hypoglycemia in Relation to Inborn Errors of Metabolism	Noon Conference for Pediatric Residents	Children's Hospital of Los Angeles Department of Pediatrics	1 hour per year	Resident	40 learners

23	2015	“Should We Call Genetics?” Indications for a Medical Genetics Consultation and Testing	Noon Conference for Pediatric Residents	Children’s Hospital of Los Angeles Department of Pediatrics	1 hour per year	Resident	40 learners
24	2014 2015	Familial Cancer Syndromes	Didactic Session for Pediatric Hematology/Oncology Fellowship	Children’s Hospital of Los Angeles Department of Pediatrics	1 hour per year	Fellows	15 learners
25	2015	Case Conferences at Tumor Board Meeting	Tumor Board Meeting	Children’s Hospital of Los Angeles Department of Pediatrics	1 hour per year	Residents, Fellows, Physician Faculty	40 learners
26	2015	Personalized Medicine Program at Children’s Hospital of Los Angeles: We Treat Kids Personally	Children’s Hospital of Los Angeles: Department Of Pediatrics Leadership Meeting	Children’s Hospital of Los Angeles Department of Pediatrics	1 hour per year	Division Chairs	20 learners
27	2014	Medical Student Group Sessions as part of the Medical Genetics Curriculum.	Repeated lecture in the medical student curriculum	New York Medical College/Touro University	2 hours per year	Medical Students	60 learners
28	2014	Understanding the Role of Clinical Genetics & Genetic Testing in Your Practice: Present and Future	Meeting of Affiliate Pediatricians of Children’s and Women’s Physicians of Westchester: CME Lecture Series	New York Medical College/Touro University	1 hour per year	Physician Faculty	50 learners
29	2012	Understanding the Role of Clinical Genetics & Genetic Testing in Your Practice: Present and Future	CME Lecture Series for Entire Faculty	The Valley Hospital	1 hour per year	Physician Faculty	20 learners
30	2011	Galactosemia	Northern New Jersey Pediatric Society: Newborn Screen Lecture Series	The Valley Hospital	1 hour per year	Physician Faculty	40 learners
31	2011	Osteogenesis Imperfecta	Department of Pediatrics Meeting: CME Lecture Series	The Valley Hospital	1 hour per year	Physician Faculty	30 learners
